

# **OWN A LEGACY. BUILD THE FUTURE.**

## **Environmental Equipment, Inc.**

### **Premier Floating Aerator Manufacturer – Business Opportunity**

#### **Nearly 50 Years of Proven Excellence**

Since 1977, Environmental Equipment, Inc. (EEE) has been dedicated to designing and manufacturing premium floating aeration systems known for exceptional performance, reliability, and durability. Built on quality engineering and customer satisfaction, EEE has established a respected reputation throughout the industry.

Today, after **49 years of successful operation**, the company is seeking a new owner who shares the passion for innovation and excellence that has defined the business for decades.

### **An Exceptional Acquisition Opportunity**

This opportunity is ideal for:

- Manufacturers looking to expand their product line
- Strategic buyers seeking an established brand
- Entrepreneurs interested in acquiring a proven manufacturing business
- Companies serving the wastewater, aquaculture, pond, lake, and environmental industries

### **What Makes EEE Different**

- Established and respected industry reputation
- Nearly five decades of manufacturing experience
- Premium products recognized for quality and long service life
- Loyal customer base and repeat business
- Strong potential for growth and market expansion
- Opportunity to build upon an established legacy rather than starting from scratch

### **The Next Chapter Starts With You**

The foundation has been built through decades of hard work, innovation, and commitment to excellence. Now, Environmental Equipment, Inc. is ready for a new generation of leadership to continue that tradition and take the company to even greater heights.
